July 26 – Riceton, SK

June 26 – Kenaston, SK

June 25 – North Battleford, SK

July 16 – Naicam, SK

June 28 – Bentley, AB

June 11 – Olds, AB

When farmers choose to buy or sell, they go with the company that delivers choice.

Whether you're buying equipment and land to build up your operation, or selling in order to wind down and retire, it's always a big decision, because let's face it – every investment impacts your success.

And at Ritchie Bros. we know there's a lot on the line financially for farmers, and that no two situations are the same. That's why we offer an unprecedented choice of ways to buy and sell ag equipment, land and other assets – including IronPlanet's weekly online auctions that offer fast time-to-cash and allow you to sell direct from your location; Marketplace-E, our 24/7 online platform that gives you more control over the price and timing of sale; and of course, our always popular, full-service on-the-farm and regular auctions that North American farmers have been relying on for years.

Whatever your needs and situation, the Ritchie Bros. Agriculture Division is here to help. From our professional, highly-experienced auctioneers and Territory Sales Managers to our bid catchers and customer service reps, this dedicated team of people from farms and farming backgrounds understands the needs of farmers. And they use their in-depth knowledge of the agriculture market to help sellers get top dollar for their equipment and farmland.

So if you need to buy or sell this summer, be sure to contact your local representative to find out the kind of choices we offer, or visit our website at rbauction.com.

We hope you enjoy our Summer 2018 Auction Guide, featuring more than 75 on-the-farm auctions, regular auctions at our permanent facilities, and equipment assets and real estate featured on our online marketplaces. We'd like to thank you for your continued support, and wish you all the best for a successful season.

24 Parcels of Real Estate – Selling as 19 Lots

The Government of Saskatchewan, Ministry of Agriculture is holding a summer farmland auction event. Bidding will open June 1, 2018 and all listings will close on July 17, 2018. This auction features mostly pastureland that has not been grazed in 2018. You have the opportunity to purchase any of the 3,511 acres up for auction this summer. For auction and property details visit ironplanet.com/realestate-skgov. For more information regarding the land that sold in previous sales, including prices, please go to ironplanet.com/realestate-results.

IronPlanet - Closing starts July 17, 2018

For property details and to bid visit:

Brady Farms Ltd. Carlyle, SK – June 19

A highlight of our 2018 summer auction season is the Brady Farms Ltd. sale on June 19 in Carlyle, SK. There's a ton of history on this farm. The Brady family, including fourth generation farmer Randy and his son Joseph, have been farming on the land since 1889, when their great grandfather Ed Morrison relocated from Quebec.

Randy, who joined his father to work the farm in 1975, has witnessed many advancements in agricultural technology, from seed to fertilizer and equipment. After putting in 42 crops since the 1970s, the Brady family put their trust in Ritchie Bros. in a retirement sale.

"This is our life's work," said Randy. "And when it's time to sell, we wanted it in the hands of those who will do the best with it – that's Ritchie Bros."

Randy and Joseph have attended Ritchie Bros. on-the-farm auctions before and were impressed by the professionalism and expansive range of competitive bidders. The fact that at any given sale there are several thousand people bidding online for equipment caught their

attention.

"We've been getting calls from people as far away as Florida and Ontario," he said. "Our experience with Ritchie Bros. has been exceptional. Our TM (Kevin Ortt) has been with us since the start and provided the direction we needed in terms of set-up. The experience has provided us with peace of mind."

With Joseph and his new wife, Karen, set to pursue other interests, the Brady family will exit the business with fond memories of farming. Randy and his wife Lynn married in 1980 and they have three children.

"Working together as a family was the most enjoyable part; achieving a goal together."

See page 39 - 41 for details.

River's Crossing Ltd. — Cranbrook, BC 23 Lots of Recreational /Residential Real Estate Overlooking Shadow Mountain Golf Club

Cranbrook, BC

Ritchie Bros. Auctioneers and River's Crossing Ltd. are very excited to provide a rare opportunity to purchase 23 spectacular golf course community residential lots by completely unreserved public auction.

River's Crossing community is nestled in the pristine St. Mary's River valley in the heart of the majestic Rocky Mountains overlooking the Shadow Mountain Golf Course. These are premium lots carved out of the natural evergreen forest with full city services and paved streets.

With your dream home located in the beautiful River's Crossing community, you'll be centered in one of the finest recreational areas anywhere. Out your back door you'll have access to the 26 km Rails to Trails hiking trail, world class fly fishing on the St. Mary's River and in 15 minutes or less you can be at any one of 7 golf courses or 25 minutes to world class skiing. The Cranbrook Canadian Rockies International Airport is only 10 minutes away, as is the downtown area of the city of Cranbrook.

in the RING Feature Farm

Guy Farms Brent & Cynthia Guy & Arlo & Dee Guy
Kenaston, SK – June 26

Ritchie Bros. Auctioneers will be making a stop in Kenaston, SK on June 26 for a father & son auction at Guy Farms. Arlo and his son Brent, along with their respective wives Dee and Cynthia, have been working together as partners since 1976, when they purchased two sections of land from Arlo's father.

With only a handful of sections in the late 1970s, the grain farmers grew their business to over 8,000 acres by working together and getting along. Well, most of the time anyway.

"It was interesting working with dad, he was a bit bossy," said Brent with a chuckle.

"Farming is always a struggle, but everything worked out pretty decent," said Arlo. "You're always up against weather and commodity

prices, so you've got to get along!"

Arlo and Brent each have their own companies, and looked after their own finances, but they would occasionally buy equipment together. They also had a trucking company and have sold grain trailers out of Saskatoon with Ritchie Bros. Auctioneers on occasion.

That wasn't their first experience with Ritchie Bros. Auctioneers. The father and son duo used to drive out to Nisku, AB in the late 1970s to go to equipment auctions.

Many decades later Arlo is set to retire at age 81 while Brent, 59, is opting not to continue the business alone. Brent has a daughter in university, Samantha, who is studying to be a

teacher.

With no immediate family members to take over the business, Arlo and Brent worked with Territory Sales Manager Jon Schultz, putting their trust in Ritchie Bro. Auctioneers to help close a chapter in their lives, while getting the best returns possible on their equipment.

"We enjoyed working with Jon," said Brent. "He always has a smile on his face."

Equipment in the sale includes a 2016 Case IH 620 Quadtrac track tractor, a 2016 Seed Hawk 8412 84 ft air drill, a 2014 Case IH Patriot 4430 120 Ft high clearance sprayer, a 2015 Massey Ferguson 9565 combine, and over 100 other items to choose from.

See page 63 - 65 for details.

Auctions Done Right

And the companies that created our legacy

All Peace Agricultural Auctions 1988 - 2002

All Peace Auctions was incorporated on March 1, 1988, born as a result of the partnering of Wallan's Auction Service (Glenn Wallan) of Beaverlodge, AB and the on-farm-auction segment of the Grande Prairie Livestock Market, which consisted of the Tink family: Bryan, brother Dennis and Bryan's son Kevin. Both entities had a long-standing history in the agricultural auction industry in the Peace River Country of Northern Alberta and BC. The Tink family roots in Grande Prairie Livestock Auction Mart go back three generations to grandfather Roy Tink who was a founding partner in Grande Prairie Auction Mart in 1957, which the Tinks operated until 1990. The Wallan's roots go back in the auction industry to Glenn's grandfather Colnell Hogg.

It was their joint belief that the time was right to introduce larger-scale, full-service unreserved auctions to the expansive Peace Country region or wherever the opportunity may arise. It was anticipated at the time that the region would encompass an area within a 300-mile radius of Grande Prairie.

Kevin was the first full-time employee, and together the partners pursued auction opportunities with an intensified focus on agricultural auctions, as well as regularly scheduled consignment auctions in Grande Prairie. Both families had solid roots in the Peace Country opening many doors for this pursuit.

As hoped, the Peace Country very much embraced the concept and All Peace experienced rapid growth. By the early 90s the company had become the largest player in the Peace Country conducting unreserved auctions across Northern BC and Northern AB. Many milestones were achieved, from the first \$1 million auction, all the way to \$30+ million.

With growth came more opportunities as many of the customers in this

region also worked in the oil sector in the winter months and either had trucks, dozers, excavators or other construction assets. This created numerous opportunities to enter the construction equipment auction space through All Peace's current customer base. The company's goal was to become the number one choice when people thought of auctions. It became clear they were nearing that goal when it was not uncommon

for our team – when dressed in APA attire – to enter a restaurant and have a patron sing “Working Hard For You!” from our well known jingle.

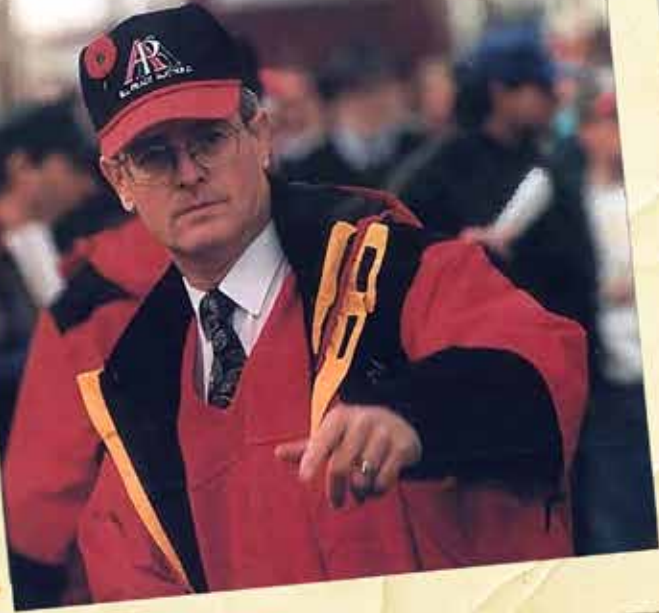

The partners recognized the growth needed another level of investment and in 1995 built a new 30-acre site complete with a 15,000 sq. ft. facility that was unequaled in the region. This helped to firmly establish

All Peace Auctions as the premier auction destination for buying and selling agricultural, industrial and forestry equipment in Northwestern Canada.

The partners' entrepreneurial spirit that had fueled the growth of All Peace Auctions to this point was quick to recognize more opportunities, further fueling another surge of growth that established All Peace Auctions as the second-largest equipment auctioneer in Canada and one of the largest in North America. By now, all the partners were full-time and immersed in the auction industry and learning more about different asset categories and sectors than they had ever imagined. The Tinks' roots were in livestock, and although Glenn had a passion for construction equipment, his primary focus had been agricultural and real estate. Dennis' query about a Timberjack feller buncher at this time summarized the shift in industry focus: “Which one is the feller and which one is the buncher?”

“The company's goal was to become the number one choice when people thought of auctions”

All Peace Agricultural Auctions

What started with tractors, combines, swathers, and consumer items now included dozers, excavators, motor scrapers, trucks, forestry equipment, oilfield equipment and real estate.

The Peace Country was home to some of the premier construction equipment in Western Canada, which further assisted in the growth of this sector for All Peace Auctions. Sales now were taking place in four provinces rather than just four postal codes! The business was flourishing, good times were abundant and All Peace was truly blessed with the most amazing employees and friends who took great pride in the business and always went the extra mile. Thanks to all the dedicated people involved, All Peace Auctions continued to grow its footprint, as well as the sectors it serviced.

All Peace continued to conduct unreserved auctions on farms, at its new facility on the outskirts of Grande Prairie, or any location customers

required. All Peace pioneered unreserved complete farm liquidations in Western Canada and offered net minimum guarantees providing a solution to a large number of ag customers in the Peace Country who were ready to transition out of farming.

Selling farmland in the 90s was an undertaking that could lead to lengthy periods waiting for potential buyers to materialize. All Peace was able to provide a one-stop solution that could handle all aspects of their farm sale – land, equipment, livestock and any other assets – combined with the option of a net minimum guarantee.

All Peace pioneered the unreserved land auction, which today is a regular feature of Ritchie Bros.' auctions. As the years progressed, the faces of the partners changed with Bryan and Glenn stepping back from the business and new partners Simon Wallan, Don Moylan and Jim Shannon joining the ranks. As with the founding partners, the new partners were

either born in the region or had long-time roots.

What had started out as a partnership to focus on farm auctions had grown into the second largest auction entity in Canada with customers spanning British Columbia, Alberta, Saskatchewan and Manitoba. As All Peace continued to grow, the company found themselves competing regularly with Ritchie Bros. for construction assets. In the spring of 2002, the company was approached by Dave Ritchie (one of the founders of Ritchie Bros.) to acquire All Peace Auctions. A deal was struck and the construction market in Western Canada was buzzing with the news. Nearly all the staff joined the Ritchie Bros. team and became integral in the growth that Ritchie Bros. would experience in Canada over the coming years. It was truly a win-win acquisition.

The All Peace team made a foundational step in the agricultural auction space, which as part of Ritchie Bros., has now grown to be the largest

agricultural auction entity in the world. Kevin went on to become Senior Vice President for Canada for 9 years, and continues to participate as an auctioneer/senior adviser today, travelling coast to coast in Canada. Simon Wallan is Vice President for the Agricultural Division and oversees the ag teams in Canada, as well as the United States. Terry Moon is the Regional Manager for Ritchie Bros. in Grande Prairie, overseeing one of the largest state-of-the-art sites in the Ritchie Bros. network.

We take great pride in the part we have played in the growth of Ritchie Bros. and can only thank the outstanding customers who placed their confidence in All Peace Auctions years ago, and continue to utilize Ritchie Bros.' broad complement of solutions today.

Thanks to everyone that has made this journey a fascinating and fulfilling experience.

#WeAreAllSTARS

Ritchie Bros. is a proud supporter of STARS Air Ambulance

Ritchie Bros. is a proud supporter of the charitable, non-profit organization STARS, and the harrowing work they do every day to help those in need.

STARS, or Shock Trauma Air Rescue Service, is a helicopter air ambulance service designed to offer time, hope and life-saving transport to critically ill and

flown more than 36,000 missions.

One of the missions from this year was for the Humboldt Broncos bus accident. STARS sent its air medical crews and transport physicians

STARS®

injured patients. In the past year alone, STARS has flown 3,022 missions to help critically ill or injured patients, and since 1985 they have

to provide critical care while the STARS Emergency Link Centre coordinated emergency response efforts.

STARS currently operates from three bases in Alberta, two in Saskatchewan, and one in Manitoba. Each base costs

approximately \$10 million to run annually. This includes mission costs; medical supplies; ongoing training for pilots and air medical crew; staffing the operation 24 hours a day, seven days a week;

aircraft maintenance; facility costs; radio and communications infrastructure; and various other support services required.

To help the STARS organization raise funds, Ritchie Bros. regularly supports many STARS charitable events by conducting charity auctions, as well as making monetary donations. In the past year, through just three charity auctions, Ritchie Bros. has helped STARS raise approximately \$560,000.

If you would like to learn more about the STARS organization or to make a donation please visit www.STARS.ca.

Community News

North Battleford team represents at 4H Beef Auction

Early Summer is 4H sale season. It's a busy time of year for many young ag producers who are getting stock ready for their annual sales. Please remember to get out and support your local 4H sales. BBQ season is upon us and a 4H sale is a great way to purchase top quality local beef and lambs while supporting your community. The money raised from these sales goes along ways towards education for many of these young folks who will be our next generation of farmers and ranchers. Your support at these sales helps make hard work payoff for many young 4H members who put a lot of effort into caring for their stock for an entire year.

Please join us on June 5th for the 67th Annual Meadow Lake and District 4H Beef Show & Sale held at the Meadow Lake Arena.

Setting up an on-the-farm auction is a serious job, so you should trust the experts. At Ritchie Bros. we take the mystery out of the process. We take care of the set-up so you can focus on your farm.

Here's a breakdown of the set-up process:

Three to six months before auction:

After the contract has been signed, our auction operations team heads out to your farm to meet you and your family. They take pictures for marketing, gather equipment information and

take a ton of notes to help them put together a plan for your auction. Make sure your equipment is cleaned and prepped for the best pictures possible.

Three to four weeks before auction:

Our auction operations team is back at your farm. They have sequenced the sale for the best selling experience possible—starting with small items, on to smaller equipment, and finishing with your biggest and best pieces. They will provide you a map outlining exactly where each item will be placed for auction day, taking all the guess work out of the process.

Setting up an on-the-Farm Auction

Seven to ten days before auction:

Our operations team is back one final time. This time for two to three days to get all the equipment set-up for the auction. We help you separate out all your small items, finish up any pictures, build the auction catalog for bidders, double-check the driving directions and GPS coordinates for our website, double-check on the caterer, etc. We won't leave until everything is ready for our auction crew to show up on auction day.

Days leading up the auction:

...
**...we take the mystery out of the process.
We take care of the set-up so you
can focus on your farm.**
...

It's important to have everything set-up and ready for the week leading up to the auction as potential bidders will certainly be

visiting your farm to check out all the equipment for themselves in person. Make sure you're available to help answer any customer questions leading up to the auction, that will certainly help with sale prices on auction day. Many of these visitors will gather all their info and go home to bid on-line.

Always make sure your equipment is nice and clean for auction day, detail the cabs, charge or put in new batteries. The first impression means so much, so make sure you're putting your best foot forward for auction day.

Meet Your TM*

Territory Manager

Jeff Kurtz
Joined Ritchie Bros in 2018

I grew up on a family grain farm in South East SK, at Bromhead, SK. After high School, I worked on a irrigation farm in Australia for 9 months growing rice, oats and sheep, before attending Lakeland College in Vermilion, AB where I studied Environmental Sciences. I moved to Swift Current, SK in spring of 1995 to accept a position as a Territory Manager with Jay Dee Equipment Ltd, selling John Deere, Flexi-Coil, Honey Bee, MacDon and other short line equipment. In Jan. 2002, I took a position of SW Sask Territory Manager with Brandt Tractor Ltd. selling John Deere Construction equipment as well as Bomag, NPK and other short lines, where I have been for the past 15 years. Most customers were municipalities, farms and colonies as well as contractors in the oil and gas industry.

Outside of my day job, I enjoy spending time in the outdoors, whether it be yardwork on my acreage, camping, fishing, or hiking. My hobbies and interests include: military history, various sports, aviation and/or teaching different aspects of aviation to youth through the local air cadet squadron where I am currently the Commanding Officer of 605 Tarry RCAC Squadron in Swift Current.

I have four boys, Cody (20yrs) he is a welder at S3 Manufacturing in Swift Current, Dylan (18yrs) is in Grade 12 and is involved in football, wrestling and loves to hunt, Ethan (16yrs) is involved with football, track and soccer, Garrett (14yrs) keeps us busy with hockey, various school sports and he loves his PS4 games.

I look forward to my new position with Ritchie Bros, meeting new folks and maintaining past relationships in the territory.

Alex Ginda & Evan Burnett

Retiring from farming can be an emotional undertaking for the whole family, but for one young man, it was especially difficult.

Meet Evan Burnett, age 7, grandson of Leo & Diane Cote, who had their retirement auction on April 16, 2018 in St. Paul, AB.

When Evan found out that his grandparent's retirement meant that his favorite grain truck was going to be sold at the auction along with the rest of the equipment, he was understandably sad. The 2003 Peterbilt 330 was what Evan got to ride around in on grandpa's lap around the farm.

On auction day - with all the crowd, food and excitement - it was easy to forget what was going to happen - but when the auction sound truck got closer to Evan's grain truck, he was getting visibly upset. Alex Ginda, Ritchie Bros. Territory Manager, decided to try and cheer him up.

"I walked up and said "hey buddy, do you think you can hold the sign for us?" Evan nodded, took the sign and pretty soon there was a smile on his face. Then as Bobby Miller, Ritchie Bros. auctioneer, explained to the crowd that this was Evan's truck and it was very important to him - the smile got bigger and remained until after the truck was sold to the new owner.

Evan continued to help out the auction crew by holding the sign for a few more items... till he got tired. Great job team!

This 2006 John Deere 7720 MFWD Tractor is going to put on a few more miles in New York. Selling from the B. Elgert

Farms Ltd Auction in Portage la

Prairie, MB this tractor featured:

frt PTO, frt 3 pt hitch, frt aux hyd, IVT LH rev, diff lock, Autotrac ready, 4 hyd outlets, 540/1000 PTO, Q/C 3 pt HD hitch, 380/85R30 F, 14.9R46 duals R, 3236 hrs showing.

Robert & Theresa Kirsch

Telkwa, BC - March 28

Robert and Theresa Kirsch met as teenagers, fell in love and married in 1967.

They built their early life together in a logging community in the east Kootenays of British Columbia, Canada. Robert eventually moved into heavy road construction, building his fleet in the 1970s through Ritchie Bros. auctions in one of the company's first auction locations in Kelowna, B.C.

Through the 70s and 80s, Robert and Theresa were farming as a secondary business.

"We bought some farmland in Telkwa, B.C. and just absolutely fell in love with the property," said Robert. "We farmed the land for years before we decided to build a house on the land and make it our permanent home. We've been living here for 27 wonderful years."

On the farm, the Kirschs grew grain, oats, and barley, before focusing on hay production for horses.

"We sold our hay into Haida Gwaii, Kitimat, and Terrace," said Theresa. "We've had customers that have dealt with us for up to 35 years. We've always taken great pride in the product we produced and the service we provide our customers."

In 2018, Robert and Theresa decided it was time to retire, sell the farm, their

massive amount of bidders from around the world."

"From the very beginning everything was so smooth," added Theresa. "Ritchie Bros. came in, collected all the equipment

...
**There is no way we could have done this ourselves...
 It would have taken months or even years to sell everything**
 ...

home and move closer to family in the Okanagan. They called Ritchie Bros. for help.

"There are some local auctioneers in the area, but we never thought about going with them," said Robert. "No one can do what Ritchie Bros. can—they are so well-organized, efficient, and can reach a

information, looked over the yard, made notes and were off. Two weeks later they were back and in three days everything was set up and numbered. They were so calm and organized that I never had any worries."

The Kirsch's auction was held on their property on March 28, 2018—it included more than 250 acres of farmland, their 2,032-square foot log home, and hundreds of equipment items. More than 750 people registered to bid in the auction from across Canada and 18 other countries.

"There was a huge crowd onsite, and a bunch more online," said Robert. "I don't own a computer myself, but I know how much the internet helps buyers today.

We had people come visit our property months ago to check out the equipment and then they were bidding online."

Approximately 20 percent of the lots in the auction were sold to online buyers.

"There is no way we could have done this ourselves," said Theresa. "It would have taken months or even years to sell everything. We would have had to deal with realtors, people constantly walking through our house, testing equipment and then never buying anything. With Ritchie Bros., they helped us through the whole process and it was all sold in one day."

"And there's no way I was going to write up receipts/invoices for 300 machines," said Robert with a chuckle. "If you've got something to sell, you have to call Ritchie Bros. first."

Now that it's all sold, Robert and Theresa are moving down to the Okanagan area of B.C. to be closer to some of their family.

"We are going to miss the property, but it's time for a new adventure," said Theresa.

Meet your Auctioneer

Blair Stenberg — Hodgeville, SK
 Joined Ritchie Bros in 2007

he still lives on and operates the same family farm he grew up on, with his wife, Vickey, and their three boys, Cole, Zachery, and Joel.

As the youngest of four, Blair spent most of his youth learning from and helping his family around the farm. Together the Stenbergs would often attend auctions to pick up new equipment items for their operation. Blair and his older brother Brad were especially taken by the

auction culture.

Wanting to follow in the footsteps of his older brother Brad, who became an auctioneer, Blair started by catching bids at just 14 years of age. All the while he was teaching himself to chant like the auctioneers he admired. At 18 years old, Blair did his first auctioneer shift for local

auction company Keith Talbot Auctions.

Blair joined Clarke Auctioneers in 2004, which was acquired by Ritchie Bros. in 2007 and he has been with Ritchie Bros. ever since.

Blair's favorite part of the job is meeting with customers and helping owners in their final step towards retirement.

...
**You have to love the people you work with when you're together as much as we are.
 Everyone takes such great pride in their piece of the puzzle**
 ...

"These auctions are extremely important events for our sellers," said Blair. "They've spent a lifetime building their farm and their equipment fleet. We take great responsibility to ensure they get full value for their assets on auction day so they're well set for their retirement."

Blair also loves the great team he gets to work with every day.

"We're sometimes on the road for four to six weeks straight, going from farm to farm across Western Canada. You have to love the people you work with when you're together as much as we are. Everyone takes such great pride in their piece of the puzzle. We are one team with one unified goal—to conduct the best auctions in the business."

What did that sell for?

With one of the coldest Springs in recent memory, our teams conducted 67 on-the-farm auctions in 48 days! With that many auctions from as far north as Manning, AB to as far south as Dixon, IL, there were bound to be a few SOLD! surprises. Here are some highlights...

Three different Case IH 8920 MFWD Tractors in three different locations sold for the highest price (for this model) in company history.

In Grenfell, SK on Apr 7 a 1999 Case IH 8920 MFWD sold for \$90,000. Fast forward to Apr 18 in Maidstone, SK, a 1997 Case IH 8920 MFWD sold for \$100,000 and finally on Apr 20 in Rhein, SK a 1998 Case IH 8920 MFWD sold for \$100,000.

One of our feature pieces this season was the 2016 Versatile 550DT Track Tractor sold on Apr 18 in Odessa, SK for \$400,000 – this special edition Versatile featured Cummins QSX15, 550 hp, 16 spd powershift, diff lock, Envizio Pro display, IntelliView display, Raven Integral autosteer, Raven receiver, 6 hyd outlets, 4 aux hyd, Big 1000 PTO, 36 in. camoplast tracks, 606 hrs showing. This piece will be working in its new home in ???

On March 28 in Parry, SK a well looked after 2013 John Deere 9560R sold for \$327,500 - the highest price in Ritchie Bros. history. The unit featured: powershift, GS3 2630 CommandCenter display, SF1 activation, StarFire 3000 receiver, 5 hyd outlets, aux hyd, Big 1000 PTO, frt weights, idler weights, 36 in. tracks, high flow hyd, AJ Equip hyd wide swinging drawbar controller, 2333 hrs showing.

Another John Deere model that broke a company record was this 2012 John Deere 9560R 4WD, selling for \$375,000 on April 20 in Denzil, SK. This unit included: 560 hp, 18/6 powershift, John Deere 2630 display, John Deere StarFire 3000 receiver, 5 hyd outlets, 78 GPM hyd flow, frt weights, frt wheel weights, rear wheel weights, rear weights, 520/85R46, trips

Haying equipment always seems to bring out a geographically diverse crowd and this spring season was no exception.

First up was a New Holland 1063 Stackliner T/A Bale Wagon that sold for \$9500 in Swift Current, SK on Apr 6. Its new owner is a buyer all the way from Belgium!

Same day, but over in Pilot Mound, SK, this 2011 Stinger 6500 Bale Mover sold for \$165,000 and left for its new home in Alberta.

And finally - last but certainly not least on our company record breakers was this 2015 John Deere 1890 60 Ft. On March 16 in Brandon, MB this fetched \$260,000 and included: floating hitch, 7.5 in. spacing, sgl shoot, 4.5 in. rubber packers, 1910 550± Bu 3 comp't tow-behind tank, sgl fan, 12 in. load conv, Swath Ctrl, full blockage sensors, monitor, CabCam, meter roller, 21.5Lx16.1SL F, 650/85R38 duals.
